## PTCEE—A GROWING COMMUNITY OF THEOLOGY STUDENTS

- ◆ Region-wide (serving the whole Pacific region)
- ◆ Ecumenical (open to all the churches of the Pacific region)
- ◆ Contextual (offering programmes of study written for Pacific people)

PTCEE started in 1996. We offer programmes of study leading to a Certificate and Diploma in Theological Studies. Students complete the Certificate before moving on to the Diploma. All Certificate courses are fully recognized for credit towards the Diploma.

We also offer a Bachelor degree, which is described in a separate brochure.

PTCEE produces study materials and sends them to students in the post, together with study aids and text books for each course. Students complete various learning activities then mail their assignments back to PTCEE. The lecturers assess them and return them with comments.

## WHO CAN STUDY WITH PTCEE?

Our programmes are designed both for lay people and for those who believe God is calling them to ordained ministry. Our students range from housewives to accountants, from teachers to pastors, from prisoners to police officers.

It is easier to study by correspondence if you have completed secondary school. However, some people have qualified to enrol in the Certificate because of other experience or training. ***The most important qualification you need to study with us is a strong desire to strengthen your Christian faith and develop your skills for ministry!*** University entrance or a Diploma of Theology is required for entry to the BD.

If you have already studied Theology at another institution, you may be able to gain some cross-credit.

## HOW MUCH DOES IT COST?

Students normally pay FJ\$150 for each 5-credit-point course in the Certificate and Diploma, but there are discounts if you can pick up the course materials from our office or if you live in PNG, the Solomon Islands or Vanuatu. Degree courses cost more (see the BD brochure). PTCEE depends on the support of the Pacific Theological College, the Pacific Churches and our overseas partners so that we can keep our fees low.

## PTCEE STUDY OPTIONS

### ✝ Individual Courses

You can choose any Certificate or Diploma course that interests you, rather than working towards an award.

### ✝ Certificate in Theological Studies

You must earn 45 credit points to be awarded the Certificate— 40 credit points from required courses and 5 credit points from one other course.

### ✝ Diploma in Theological Studies

You must earn 95 credit points to be awarded the Diploma— 80 credit points from required courses and 15 credit points from elective courses.

### ✝ Bachelor of Divinity

A balanced programme of 28 required courses.

## SUPPORT FOR STUDENTS

We ask the **local church** to support any of their members who are studying by extension, by showing an interest in their studies and praying for them.

We believe that it is important for students to have **someone to discuss their studies with them**, so that they can understand better and learn to express their ideas in their first language. The best way is to have 3 or 4 people all studying the same course, so that they can meet together and talk about their lessons. But if someone is studying alone it is good to have a mentor who agrees to meet faithfully with the student for 1 hour each week.

PTCEE asks the student and their church to find a mature Christian who is willing to volunteer in this way. It is good if the mentor has done some theological training themselves, so they can help if the student has problems understanding the course book or the text book. But it is more important that the mentor is a good listener who can encourage the student to talk about their studies and how they can apply their learning in their lives and their ministry.

**Markers** and **PTCEE staff** are also very willing to help students.

Some students choose to come to PTC and study full-time. They still work on their own, but there is more support on campus and they complete their studies more quickly.

*Contact PTCEE for more information.*
